**Reasons For Allowance**

The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The basis for the allowability is :

Claims 1-24 recite the combination of forming a semicircle columnar groove in an insulating layer on a semiconductor substrate, forming underlying conductive lines with a predetermined distance therebetween on the groove, forming a cylindrical insulating layer in the groove formed with underlying conductive lines and on the surface of the substrate, forming upper conductive lines on the insulating layer to contact with the underlying conductive lines.

None of the art of record teaches nor suggests to combine above cited limitations in the claimed invention as a whole.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
